

# Preparation of Community Presentations for the 39<sup>th</sup> General Chapter

---

Rome, December 18, 2018

Request to the **Provincial Governments and  
Delegation Governments**

Dear Brothers:

We ask another work of the governments. It has to do with preparing presentations of each community (Province or Delegation) in the General Chapter. Information referring to Regions ought to be included in the presentations of the respective Provinces to which they belong.

Below, we explain what we expect for from you.

Please, send the responses **before May 10 2018**. Thanks.

The General Government

---

## The presentation of each community

Each Province and Delegation will prepare a POSTER of 130 X 90 centimeters (more or less).

We ask that you send it in a PDF or JPEG file, with good definition, that we can print here in Rome.

What should be on the Poster?

1. Photos of the brothers; individual or groups.
2. A map on which the location of communities and works are indicated.
3. A statistical graph of the brothers' ages.
4. Some (2 or 3 or 4...) significant happenings going on in your communities over the past six years. Present them however works best: text, pictures, graphs ...
5. Whatever else you believe suitable to help Chapter members to know the current status of your community.

In the opening days of the Chapter, each will have 20 minutes to present your poster to the assembly. The posters will remain on display in the Chapter Room during the entire time.

Many thanks for your collaboration. We are ready to help in whatever is necessary (doubts, clarifications, technical tips etc.)

The General Government
